What's SPARSH Talks?

SPARSH, a techno-cultural club saw its inception in the year 2014. SPARSH caters to students' desires and invites their role models to our campus. All kinds of special people from singer, sportsperson, writer, actor etc., to scientist, engineer, CEO etc., are invited, all of whom have a past to share, success to celebrate, profound talents to showcase or life lessons to teach.

Through SPARSH talks, students have met, talked and expressed their ideas, beliefs or fears in realizing their dreams, while learning a lot from what those extraordinary personalities had to say about their life, struggles and experiences.

Over the past few years, scores of stars have graced us with their presence and talks.
